

# Algebra 1, Parts 1 and 2

Algebra 1, in two parts, is offered for students who need additional time to complete the Algebra 1 curriculum. These two courses employ an interactive, hands-on approach to teaching Algebra concepts. This two-part course uses graphing utilities, the data cycle, and real-world and workplace applications as the platform for learning Algebra. Emphasis is placed on making connections in Algebra to arithmetic, geometry, and statistics. Algebra 1, Part 1 and Algebra 1, Part 2 are each year-long classes. Schools may double block the courses so that they meet every day for a full block of time over the full year. This gives students the chance to earn the first math credit by the end of the 9th grade year in addition to an elective credit for Part 1. Schools may allow students to take Part 1 in the 9th grade year and Part 2 in the 10th grade. This course has an associated Standards of Learning (SOL) test to be taken at the conclusion of Algebra 1, Part 2. Students will participate in these tests only when they have not yet earned sufficient credit for graduation and/or satisfied federal testing requirements.

## **Credits 1**

Elective Credit for Part 1 and 1 Math Credit for Part 2 when student has passed both parts

## **Grades**

9, 10

## **Schools**

Battlefield High School  
Brentsville District High School  
Colgan High School  
Forest Park High School  
Freedom High School  
Gar-Field High School  
Hylton High School  
Independence Nontraditional  
Osborn Park High School  
Patriot High School  
Potomac High School  
Unity Reed High School  
Woodbridge High School

## **Prerequisites**

Math 8 (Pre-Algebra)

## **Notes**

Students with disabilities eligible for credit accommodations receive two math credits for completing both courses.
