

# Transportation, Distribution and Logistics - Automotive Technology

## Degree Type

Specialty Programs

## Automotive Technology Program Pathway

The Automotive program of study teaches CTE learners how to repair and refinish automobiles and service various types of vehicles. CTE learners may learn to collect payment for services or supplies and perform typical vehicle maintenance procedures such as lubrication, oil changes, installation of antifreeze, or replacement of accessories like wiper blades or tires.

Automotive Technology is a National Automotive Technicians Foundation (NATEF) accredited program of study taught by an Automotive Service Excellence (ASE) certified auto technician that prepares graduates for ASE exams. The Automotive Technology program's mission is to assist the student in acquiring the knowledge, skills, and attributes that enable success as an entry-level worker in the field of automotive technology as well as pursuing a career in a related occupational field.
