

# Architecture & Construction - Plumbing

## Degree Type

Specialty Programs

## Plumbing Pathway

Students learn to safely assemble, install, and repair pipes, fittings, and fixtures of heating, water, and drainage systems, according to specifications and plumbing codes. Students learn marketable, job-specific skills and workplace readiness skills. They have the opportunity to earn an industry certification upon graduation. Students have the option to enter the job market directly or continue their studies via a college program, technical school, or apprenticeship program.
