

# GS General Chemistry 2

This is a focused survey course with objectives that include physical and chemical changes and properties; interactions of matter; structures of atoms; and intermolecular forces.

**Credits** 0.5

High School credit

**Grades**

11

**Course Designation**

Dual Enrollment (DE),

Weighted (1.0W)

**Schools**

Governor's School @ Innovation Park

**Prerequisites**

A grade of C or better in Chemistry 211

**Notes**

GMU CHEM 212 and LAB - 4 credits
