

# Korean 4

Korean 4 students will continue to develop their skills in understanding and speaking Korean, but especially progress in their literacy skills. Students will read, discuss, and write about various authentic types of written texts to include short literary texts and excerpts. Cultural products, practices and perspectives of Korean culture will continue to be integrated into all discussions. Students in this course take the American Councils' NEWL exam that produces AP®-style score reports, which can be used to apply for college credit and/or replacement.
